This is version 3.0 of the Victorian Italian club merger flowchart, by Paul Mavroudis.
The identity of the creators of version 1.0 is now sadly lost to posterity.
Version 2.0 was updated by Daniel Tribuzio.
Version 2.0 was updated by Paul Mavroudis.
Sources include the previous editions of this flowchart, OzFootball.net, Victorian soccer yearbooks, and the public.
Teams in coloured boxes are the Italian backed clubs represented with their club colours, where those colours are known.
Teams in white boxes with black lettering are assumed to be non-Italian backed entities.
Unlike the versions 1 and 2, this chart chooses to follow a "dominant" line
rather than signify mergers as "equal" partnerships.
